Dear Resident/Occupier,

B4234 Walford to Kerne Bridge

We are writing to let you know that an emergency road closure has been put in place on the B4234, between Walford Church and Kerne Bridge.

Last week, we were notified of a minor rockfall from a retaining wall on the B4234 near to the Kerne Lodge. Our teams attended to assess, and a lane closure was initially put in place to protect the travelling public.

Our Senior Engineer has since attended site along with a Geotechnical Engineer, to assess the stability and condition of the wall. It has been recommended that both lanes of the carriageway are closed as there is a significant risk of further collapse and rockfall.

BBLP are currently procuring concrete barriers, which will be installed to contain any further material which may fall.

We have set up temporary traffic lights within the road closure to allow safe access for residents and businesses within the closure.

We are sorry for any inconvenience this may cause you.

If you have any questions, you can email us at Herefordshire.projectcomms@balfourbeatty.com or Tel: 01432 261800

Yours faithfully,
